RECREATION DEPARTMENT

Point Pleasant Soccer Club
c/o Maureen Martin
2221 Christine Court
Pt. Pleasant, NJ 08742

Attn: Mo

January 6th, 2010

Dear Mo,

Please be advised that your request for use of the Point Pleasant Community Park on Sundays from noon until 6pm has been approved from March 28th thru June 20th, 2010. There is no use granted on April 18th, due to the Earth Day celebration from the Environmental Commission,

Use of the facility is given with the understanding that your Organization will be responsible for moving the goal(East Goal) into place and removing it again at the conclusion of the day. We must have your assurance that the goal will be completely fastened and secure prior to use. Kindly speak to your organization about this stipulation . In addition to the goals, if your group is planning to have any type of small sided field at this location, you will be responsible to line that field. Our DPW will continue to line the regulation size field. Please be prepared to supply the necessary paint as needed. Please remember that the West goal(beaver dam rd) can remain in place as is. This goal is not within the Softball Field limits.

Also please be advised that the bathrooms and concession stand at the Park may not be opened for the first several weeks of use. We will open when all chance of frost has pasted, which will allow us to turn the water to the building on again. Sorry for the inconvenience.

Have a Great Season.

Sincerely,

Karen Haycock
Superintendent of Recreation
